About The COOLEY Project Grant Application:

In 2016, The CFAA board voted to allocate \$500 to fund younger Cooley genealogy projects over the next 2 years. If you are a member of CFAA and have young family members between the ages of 6 and 16, a grant is available up to \$50 per application to encourage and support Cooley genealogy projects (one per family) and Cooley research. Perhaps a school is doing a genealogy project, maybe a faith community or the scouts are sponsoring something similar, or just perhaps you have one curious researcher who wants to know more about his/her family history. Below you will find a sample application. You may complete and submit the application online to any board member. This grant might cover the cost of materials, books or technology...you would determine your own needs. All CFAA asks is that the research or project be "Cooley" focused, an application submitted, and that a summary be provided at the end so that we could share it in The Communique and CFAA e-News. Describe the process and results of the project, and voila, you will be published! Our efforts, as always, are to build our community and involve our membership.

Thanks for participating!
